

REMARKS

This amendment is in response to the Office Action of August 13, 2004 in which claims 38-45 were allowed and claims 1-37 rejected. The applicant appreciates the time the examiner took to confer with the applicant by telephone, and would like to incorporate all the recommended changes. As per the recommendation of the examiner, the words "radio or radar" are replaced with words --radio frequency-- in the specification, claims and abstract.

Also as recommended by the examiner, the word "comprising" in the third line of claim 1 has been canceled, the word "having" in line 1 has been canceled and the word --comprising-- substituted therefor.

Allowance of all the claims is requested. A substitute specification is enclosed incorporating all of the above amendments.

Respectfully Submitted,

Kevin W. Lindell
